

## Seeking Construction work for Studio Time Trade (Nashville)

Location **Tennessee**  
<https://www.genclassifieds.com/x-436829-z>

I am the owner of a high end, recording studio in South Nashville and need the services of a licensed contractor/handyman. I am willing to trade studio time, audio engineering (recording and mixing), and/or full production of equal value for the completion of the work done in my home.

The services I need are: Trim work and crown moulding (hang, paint, and caulk), and wainscoting in dining area.

Please respond via email and I will provide further details as well as a link to the recording studio's website. Looking forward to working together!
