Hi my name is Rachel and I do daycare in my home. I have been working with children for over 19 years and I am a mother of 4 great children. Have all my Early Childhood Classes and I am CPR certified. We enjoy daily activities such as stories, songs, arts and crafts, and outside play. Each week we choose a theme and base lots of fun and educational activities off of that theme. I will provide healthy meals and snacks. Any other questions please feel free to contact me.
