Gabby is a 3 1/2 yr old female Doberman. Gabby is good with kids, other dogs both large and small and indoor cats. Gabby does not do well with outdoor cats. Her foster family has an indoor cat she does well with but she does try to chase feral cats. Gabby is a typical Doberman. She is a velcro dog and loves to be with people. She is housebroken, up to date on vaccines, spayed and micro chipped. Gabby would do best in a quieter home. Must be familiar with the Doberman breed. Contact the rescue for an application if interested in Gabby.
