Adorable Kittens for Re-homing adoption ((Sullivan Wisc. 53178))
We have 3 kittens 6 week old really beautiful little ones, 1 male and 1 female. Re-Homing fee is 20 bucks each kitty.

The kittens are Litter trained and eating solid food, very clean, very healthy and people and dog (we have a Collie) friendly. Our collie can go right up to the kittens and the kittens are not scared of the Collie dog. The kittens are quite nicely acclimated to humans . The new owner can take care of any Vet visits we do not Vet visits or any shots. The kitties are clean.

Our adult mom cat is extremely healthy. The kittens have eaten hard food and mom's milk and litter trained, however, and I clean the litter box so I know they are litter trained.

I am scheduling appointments for pick up first come first served thanks.

Email for a quick response thanks with phone# and you will get a.
