I want to do a boudoir photo shoot to surprise my wife for her birthday. I'm a straight dude, which is why I'm looking for a female photographer to help me out (I wouldn't be comfortable doing those types of shots in front of another guy). I've never done anything like this before, so I'm looking for someone who, even if they aren't a professional photographer, can at least make me feel comfortable and not so nervous about it. If you are a local photography or art student, then you'd be perfect for this.

If interested, please respond ASAP. I want to get the shots done in the next couple of weeks because her birthday is in July and I need to allow time for edits. Please send me a picture of yourself so I will know what you look like and that you are really a female :).

I'll pay \$250 for this shoot.
