Are you looking for wedding services but are finding the prices far above your budget? A wedding is a very special event. But if you price out all 4 services individually with all different companies, you are usually looking at a total of \$3,000.00 and up. So then you start cutting back on the services for your wedding. There is now no reason to cut back on anything. We have put together a package deal that will allow you to have all the special services that you should be able to enjoy for your special day. And get them for a price that is almost 50% less than what it would cost elsewhere. For just \$1595.00, you can receive photography, video, dj and photo booth services handled by friendly, laid back professionals with years of training and experience. We are also a fully licensed and insured company. We have references available upon request. You can view the details about us and of everything that is included with our package, for when you compare us to other companies on our website at http://www.amazingmediagb.com. After looking at our site, please give us a call with any questions you

may have and to see if we have your date available. We look very forward to hearing from you and sharing in your special day. Gary
