

PRESSURE WASHER, 3gpm 2700 psi, HONDA 6.5 hp, NEW (GRIFFIN)

Location **Georgia**
<https://www.genclassifieds.com/x-437126-z>

we have two new pressure washers, they are new, never used. We also carry water tanks, these are more commercial use units than you will find at the retail stores. The unloader valve and chem injector are separate items, not like the cheap retail store units that are made into the head of the pump. these are ideal to use for washing cars, trucks and great units to get started in the pressure washing business. these have the good GX series Honda engine, not the cheaper home owner use Honda engine. We are selling these For \$750.00 each. comes with 50' hose, handgun and nozzles. we do accept mastercard / .
