

Tuxedo Cat (United States)

Location **Georgia**
<https://www.genclassifieds.com/x-437188-z>

2 year old male tuxedo cat to a good home. It should be a home without small children, as he has slight petting aggression. He is an indoor cat that lives and plays amongst 2 small dogs. He had his rabies vaccine, FVRCP vaccine, and has been neutered. He comes with carrier, food dishes, scratch post sand pet bed. I don't have the time or patience to care for him anymore, so please reply if you're interested in adopting.
