I am rehoming 2 beautiful purebred, with pedigrees, male guinea pigs brothers. They are almost 5 months old. They are rare Long-haired Peruvian Himalayan guinea pigs. Both are extremely sweet (as you can see with the pink bows they let my daughter put in their hair-lol!) and are bonded so they must go together. I adore them but my other pigs pick on them so I have had to keep them at work and they don't get the attention they deserve. They have had the best care and are extremely healthy and I have always had them on nutritious pellets, daily hay and powdered Vit C in their water. Every other day, I give them fresh carrots and kale. They have long hair and require brushing a couple of times a week. I want them to have the best home possible so you must be able to care for them and be committed to them. I am charging a rehoming fee of \$80 for both guinea pigs, and will send them with food, powdered Vitamin C and some.
