

# UCSD GRAD Math Tutor (101, USD)

Location **California**  
<https://www.genclassifieds.com/x-437307-z>

### A NOTE FOR YOU:

Hi! My name is Robin. I want you to stop looking because you've found the math tutor you are looking for. I am currently working towards obtaining a teaching credential to become a high school math teacher and I have passed ALL the California Subject Examinations for Teachers (CSET) in mathematics that are needed to do so. I have 5+ years of HIGH QUALITY tutoring experience and have worked for several tutoring companies along the way. If you were thinking about going to one of those tutoring companies, do yourself a favor and DON'T, because they're just going to send you someone like me. So lets save yourself some money by taking away the middleman. Just shoot me an email!

**SUBJECTS - (Student Must Supply Textbook)**

Pre-Algebra  
Algebra I  
Geometry  
Algebra II  
Trigonometry  
Math Analysis
