Please read this carefully, as I have had people reply enthusiastically that had no idea how intense this project is, only to then decline when they realized what this ad is looking for.

In the 1980s magazines like Oui, Penthouse, Chic and Hustler ran photo layouts with men and women interacting sexually. These are men's magazine.

Unlike in later decades, there was no sexual intercourse in these pictures, though the couples were preparing for doing so, thus were without clothes and the man was obviously physically prepared for intercourse.

There was however, more mystique and eroticism, since the viewer had to connect the dots in their mind.

I want to recreate these scenes because they remind me of looking at old vintage magazines I sometimes stumble upon at estate sales and garage sales.

Looking for adventurous female subjects to help me complete this project.

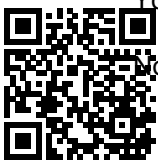

No experience necessary... in fact I prefer first time models.

I give plenty of posing direction. I also have quality studio equipment. We'll shoot at a hotel so you'll be extra safe.

Please send a thoughtful reply, and tell me why you want to participate. A picture would be helpful, but not required.

You of course must be an adult, and have ID.

No modeling experience required, just a good personality.
