

Backup Babysitter Available (Green Valley Ranch Aurora Denver)

Location **Colorado** https://www.genclassifieds.com/x-437411-z

Greetings!

I am a 36 year old female Flight Attendant looking to supplement my income by providing backup babysitting/childcare for when your regular babysitter is unavailable.

Although I have no children of my own, I absolutely adore miniature people:), have several years of experience caring for friends and families children and I even studied Early Childhood Education in college (if I weren't a Flight Attendant, I'd be a Teacher for sure!)

But there's the catch:

Because my full time job requires me to be on reserve (on call) from 3am to 3pm approximately 4-5 days per week, I can NOT guarantee that I will always be available when you need need me. However, more often than not (about 20% of the time), I am only called in to work a couple of days out of the week so I have plenty of free time on my hands!

So if ever your full time babysitter can not cover you for your spontaneous date night on the town, or your last minute business meeting that goes over your regular 9-5, chances are I am free and available to help.

Available for some overnights. Rates negotiable.

Certified in adult, adolescent and infant CPR/First Aid, have several references available upon request, and I have a clean federal background check certified by the FAA.
