

Reliable person to administer daily medications to my mom (Johns Creek)

Location **Georgia**
<https://www.genclassifieds.com/x-437452-z>

Need someone reliable to drop by assisted living center twice per day, 5 days per week, to give medications to my mom. Generally at 11am and either 2pm or 3pm. Time requirement to do this is just minutes per each visit, maybe 15 from start to finish each time. Location is near McGinnis Ferry and Medlock Bridge Road in Johns Creek. Person should live near there. Compensation is \$15 per day, paid in cash. No taxes, no reporting.

When replying, please provide why you are able to fit this in your schedule; what could possibly interfere with you completing the functions each day; provide the zip code you live in.

Interested in hearing from you should you be able to accomodate at least 8 of the ten shifts each week.

Not known how long this gig will last. At least one month, could be much.
