Location **Arkansas**

You posted 5 months ago about boston puppies and claimed not to be breeding yet here we are again! STOP breeding your dogs and trying to SELL them here. Craigslist is for REHOMING not SELLING. Your asking over 500 a puppy and cannot guarantee health because your a backyard breeder. I will be flagging your posts daily multiple times a day. Your stopping real pets who need homes from being adopted and rehomed because your selling the interested people your overly priced.
