This is for storage purposes. Come take a look. Very cool property. Safe neighborhood. Fenced. Gated. Secure. Located on Oxnard off of Shoup, basically. Come take look when you have time in the late afternoon, ideally.

Looking to rent for 1.00/Foot. A good deal considering the area this is in. Very handy.

It currently needs some minor work! I can have one of my guys frame it up for you, or you can make some mods. It is "as is" for now, but I can help with repairs. Lots of materials on site.

The convenience of the front wall missing may help some of you. One can easily retrofit a garage door, or regular pedestrian style door, depending on your needs.

Thanks. And God bless.
