

MTX thunder 2150x Car amplifier (75, USD)

Location **Connecticut**
<https://www.genclassifieds.com/x-437717-z>

for sale MTX thunder 2150x car amplifier in great condition

Details:

- 150 watts x 2 into 2 ohms
- 300 watts x 1 in bridged mode
- stereo, bridged mono, or Tri-Way output for maximum flexibility in system configuration
- gold-plated input/output jacks provide maximum signal integrity and corrosion resistance
- individually selectable high- and low-pass crossovers, 18 dB/octave, continuously variable from 50--200 Hz for precision adjustment of the range of frequencies sent to your speakers
- continuously variable 0-18 dB bass boost at 40 Hz
- reverse preamp outputs deliver high- or low-pass signal opposite of the selected crossover for the speaker outputs. (For example, if your crossover is set to 100 Hz high-pass for your main speakers, then your preamp outputs will deliver a 100 Hz low-pass signal to your subwoofer amp.)

- large MOSFET output devices for more current on demand
- variable computerized protection circuit for maximum safety and protection of your system
- heavy-duty bottom plate for easier strain
- independent left/right channel gain controls
- speaker level input for easy connection to any head unit
- patented 60-foot nylon mounting feet prevent chassis to chassis ground noise.
