

# MTX thunder 2150x Car amplifier (75, USD)

Location **Connecticut**  
<https://www.genclassifieds.com/x-437717-z>

for sale MTX thunder 2150x car amplifier in great condition

## Details:

-150 watts x 2 into 2 ohms

-300 watts x 1 in bridged mode

-stereo, bridged mono, or Tri-Way output for maximum flexibility in system configuration

-gold-plated input/output jacks provide maximum signal integrity and corrosion resistance

-individually selectable high- and low-pass crossovers, 18 dB/octave, continuously variable from 50--200 Hz for precision adjustment of the range of frequencies sent to your speakers

-continuously variable 0-18 dB bass boost at 40 Hz

-reverse preamp outputs deliver high- or low-pass signal opposite of the selected crossover for the speaker outputs. (For example, if your crossover is set to 100 Hz high-pass for your main speakers, then your preamp outputs will deliver a 100 Hz low-pass signal to your subwoofer amp.)

-large MOSFET output devices for more current on demand

-auto shut-down protection circuitry for maximum protection of your system

-MTX bottom plate for cleaner sound

independent left/right channel gain controls

speaker level input for easy connection to any head unit

-patented 100-feet nylon mounting feet prevent chassis to chassis ground noise.
