Did you know that Anchorage has an operating Ferret Shelter and Rescue? The link is www.forgetmenotferrets.com

There are currently MORE THAN 20 healthy ferrets ready for adoption. These ferrets did nothing wrong - their owners JUST didn't want them any longer, or couldn't care for them, or a million other sad stories. The bottom line, though, is that these ferrets NEED homes.

Please consider adopting a ferret in need of a loving home. Call Butch for more info or email [wildmancharters at gci dot net](mailto:wildmancharters@gci.net)

Please think twice before buying high priced baby ferrets from the pet stores! Also, please think twice about getting a ferret before you understand what it takes to properly care for a ferret! You can learn more about ferrets by reading books or looking at web pages. I recommend the book Ferrets for Dummies. The famous Ferret FAQs can be found at www.ferretcentral.org I also suggest <http://trifl.org/index.shtml> or www.supportourshelters.org or contact the ferret club.

Ferrets are wonderful pets, who will love you unconditionally! But they do need care, so please do your homework before getting a ferret.
