My Mother's wedding band was lost, or stolen, a few years ago and I'm hoping someone will return it to me. It's a wider style, yellow & white gold, diagonal design, with inscriptions on the inside of the band.....11-13-1954., along with my parents initials.

If you have it, or know where it might be, I am offering a \$500.00 reward for its' return. Please call if you have any info.

Thank you, Barbara
