2 found dogs (LansdowneHalethorpe)

Location **Maryland** https://www.genclassifieds.com/x-437876-z

Two very friendly dogs ran into my house this morning I am trying to find where they belong. One German Shepard one mix. The one has an injury. Both have rabies tags but no identification tags. One is connected to a leash. I can't keep them so at 10 I will be having animal control come to pick them up. Please get in touch if these are your dog's they ate so.
