

# Aquarium salt water 100 gallon with attached sump halide lighting

Location **Kansas**  
<https://www.genclassifieds.com/x-437909-z>

Hi to all

We are moving the livestock to a larger tank so we are selling the aquarium, stand, 2 hoods, and metal halide (2 - 175 watt - so 350 watt with 2 brand new halide bulbs).

Asking \$1500

This aquarium is 100 gallons total - 80 display and 20 sump on back. It comes with a new custom built extra high stand and hood. Actually there are 2 hoods so you can have both; one is acrylic and one is wood. The aquarium has a built in sump (see pictures) that has a protein skimmer also built in. The aquarium is in excellent shape.

Stand surface is 40.5" tall; aquarium is 20" tall by 48" long and 23" deep. Hood is 21" tall: so total height of 80.5" with stand, aquarium, and wood hood. Acrylic hood is only 9" tall so using that rather than the wood hood would reduce the overall height by 12".

An 80 gallon glass (not acrylic) version of this with stand/hood and no lights sells at Picasso's for \$3000. An acrylic version like this aquarium would of course be a great deal more, but I have not priced it.

As you can see it is a beautiful aquarium/stand combination
