Zeke is 9 months old, very friendly and sociable, fully house-broken, crate-trained, knows sit, lay down, and shake hands, walks well on a leash, is up to date on all shots (we have all vet records), is current on Trifexis, is being fed Blue Buffalo large-breed puppy, and has been recently groomed. He's a beautiful dog, lots of fun to be around, enjoys the dog park, has been well-socialized and gets along well with other animals, adults, and children. He's an all-around awesome puppy and has been well taken care of. He is however rough on our toddler. He would be an excellent fit for a family with slightly older kids that he can't knock over in his exuberance to play. He's in the 60+ pound range currently and still growing. His mother was a golden retriever and father was a standard poodle. Zeke is an F1 Goldendoodle. Looking for an amazing home and family to place him with. Rehoming fee does.
