

Polk CS400i center channel speaker (65 USD)

Location **Kansas**
<https://www.genclassifieds.com/x-438079-z>

This is one of the best center channel speakers Polk has ever produced. A simple internet search will show you how well regarded this model is among audiophiles (a 4.86/5.0 rating on www.audioreview.com) It sports twin 6 1/2" bass drivers coupled to a 1" fluid-cooled tweeter and produces very lifelike sounds for your both your movie soundtracks and music.

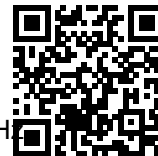

Description

The Polk Audio CS400 is an ideal center channel speaker to go with your home theater application. The Dynamic Balance drivers of this Polk Audio center speaker give way to a wide response with low level of distortion. Using the Dynamic Balance Tri-Laminate tweeter technology, this Polk Audio home theater speaker helps in producing detailed highs for a surround sound experience. The patented Acoustic Resonance Control technology used in this Polk Audio center speaker helps to produce smooth and natural midrange response. Additionally, the fluid cooled tweeter in this Polk Audio home theater speaker has a high power handling capability important for such center channel speakers. Moreover, the patent Power Port technology in the Polk Audio CS400 successfully delivers an incredible bass response with low distortion.
