This very sweet cuddly 12 week old kitty was dumped in Down to Earth parking lot last week. She was terrified and starving. Through one of the non profits the kitty was rescued, rehabed and will be available for rehoming subsequent to spaying. Shes very lovable and friendly wants to cuddle and gets along well with other cats. Please take your unwanted animals to the shelter. Even if they get put down its more humane than dumping them. This baby would not have survived near a busy road looking for food. Shame on you! Dumping is a crime and punishable by.
