Yours is a large bedroom in a newly refinished apartment in the upper portion of a 100+ year old two family home located in the safest area in the city. Across the street from Newman High School, a constant private patrol along with extremely good lighting provides a degree of safety that just doesn't exist anywhere else in the city. Newly finished hardwood floors and along with high ceilings, crown molding, ceiling fans, an amazing balcony, and wonderful natural lighting add a calming sense of luxury to this

second story apartment. The full bathroom has also been redone, with a rainfall shower head in addition to the tub/shower area. There is a half bathroom as well. The kitchen is furnished with a refrigerator, a microwave, oven, dishwasher and washer/dryer. There is ample storage space built in to the kitchen. A large balcony is also available. Also, the green awnings and the white trim on the exterior of the house add to the home feel.

While the neighborhood itself is incredible, you will also be within walking distance of coffee shops, the street car and Audubon Park. A quick walk will take you to everything on Freret St. and a short trip will take you to Winn Dixie or Whole foods, the Prytania Theatre, Chase 24-hour CVS, and plenty of other shopping areas and restaurants.
