Models Wanted , I am a 42 year old attractive Italian man and I keep myself in good shape. I own my own construction company and do well for myself. I am looking for a girl that takes care of herself, has a great body, and is fun and attractive. I have old school values and live by a certain code, if I had to describe myself I'm a man's man and always try and do the "right thing". I have a theory about men there are lots of males on the planet but very few MEN! In business and in my personal life I get disappointed with so many of them I don't know how you women deal with it. I am looking for a hot model girl to hang out with, maybe go to dinner, the movies, or go traveling together. I am willing to help out a nice girl with \$1000.00 a week to start, email me a few pics with your contact information and I'll respond if I am interested . NO ESCORTS ! Waste of both our times...Please email pics :) Im for real look me up on face book.... Natale Anthony Passaro PS All thoe Lots of women of color are beautiful, that is not what I prefer , White or Latin girls , no disrespect to
