I am willing to sell this complete collection for \$100 or I will sell each of the Carry and play Tracks that I am including at least one train with each for \$20. I have included pictures of each of the Carry and play sets. Extra trains can be purchased at a negotiated price there are 37 pieces total of the extra Thomas the Trains. The complete set also includes a Thomas carrying case, a Thomas phone, a Thomas whistle and a stuffed Thomas the Train. My grandson took really good care of his trains so all pieces are like new! Needless to say the complete set is the best buy! If you like Thomas the train, this is the perfect collection and comes from a smoke free bug free!
