

Used Commercial Kitchen Equipment (Boone, IA)

Location

Iowa

<https://www.genclassifieds.com/x-438610-z>

Multiple units of commercial equipment up for sale. These were all in a working kitchen, and are being replaced by new equipment by the high school.

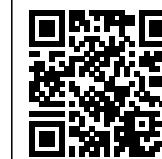

See pictures for all equipment available.

There are walk-in cooler units, large batch gas cooking pots with 1.5" drains, stainless steel dish tables and sinks with industrial garbage disposals that still work, 2 level convection oven, 6 burner gas stove/oven, and a tankless water heater used for the dish-washing apparatus.

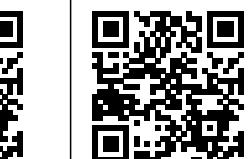

Not pictured are two cooler/freezer doors, roughly 6'-0" by 3'-0" by 6 inches thick, with hinges and door handles attached, and a rolling stainless steel refrigerated servery table, tray slides, and rubber bumper around the base.

Many of these items would be perfect for a hunting meat cooler or freezer, fish cleaning tables, or a cheap option for a new business.

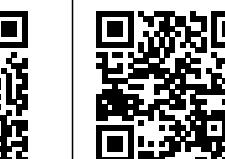

All items are sold at the first reasonable offer of cash in hand. Contact me by email to make an offer, set up a time to meet or for more information/pictures for a specific.
