Hi I'm looking for a purse for my wife for her bday but am on a very tight budget of 30 or 40 for her a purse she loves Coach, Dooney, and Michael Kors. I realize that these are expensive purses but she loves them and we are living really tight. She likes the purses with the C's and Dooney purses with the DB's and the Michael Kors purses with the MK's on them. I call them advertising purses bc you can't miss what brand they are. If anyone is interested in letting one go that cheap please text me a pic and price at five 0 four six six nine one one three four. Thank.
