

Lilith is a striking buff tabby female who was rescued from King George shelter.

We'll never know why this sweet girl was given up by her last owners--she's just an all-around nice, low-maintenance, pretty young girl who gets along with her fosters other cats, is friendly to her peeps, but is not overly "in your face."

She enjoys chasing the laser pointer toy,
then relaxing on the couch while you give her a nice back scratch.

Lilith is looking for a special someone - 2 legged and 4 legged to share her life with--is it you?

Check out our rescue at our webpage fancycats.org
