

Social Media Digital Marketing (Noblesville)

Location **Indiana**
<https://www.genclassifieds.com/x-438698-z>

I am a 10+ year marketing and advertising veteran who is looking to share my expertise and services with small businesses around the Indy area. I can help you develop and manage your digital marketing strategy that will boost traffic, increase sales and build awareness of your business and its products and/or services.

The digital marketing services I can provide you include social media marketing and management, email marketing, Pay Per Click (PPC) and digital ads, Search Engine Optimization (SEO) for your website, website development and digital content creation.

I've worked with regional, national and international clients in my career and have brought them great success. And now I want to do the same for the independent, small businesses around the state of Indiana who seek great marketing and advertising but can't afford to hire an agency.

You can email me through Craigslist or visit my website at www.writeinfront.com and contact me from there. I look forward to doing business with you.

Thanks,

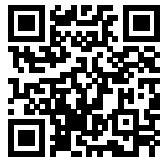

Aaron Whitaker
