We have an adorable, sweet, loving, very active and playful approx 9 - 10 week old female kitten. mostly black with some brown and white markings. really cute. she needs a loving forever home. she has been raised with other cats and would really thrive in a home with at least another cat to play with. and a home with children to spend time playing with her. she needs interaction and has lots of energy to burn! loves to play. re homing fee is negotiable. located in Delano. will be very selective of the home she goes to. shes a very loved and special kitten. needs a good Indoor Only loving home with a playmate or 2. let me know if interested. she has not had shots or vet visit yet. she is very healthy.
