Aloha,

I have recently retired from UCSC in California. I am coming to Hawaii to visit my family on the Big Island in June.

I am looking for a house, an Ohana or room with private bath to rent for the summer. I will be babysitting some of the time (age 7). I am very clean and considerate and laid back.

I am also a regular house sitter and caretaker I have references as well as personal references on the island. If you are looking for an honest person to care for your home, plants, and/or pet for a week up to 2 months then please contact me via email or we can chat on the phone.

I'll be in Hawaii before you know it and I am looking forward to spend time with my daughter and her family that I have not seen in 2 years. They live and work in south Kona.
