GradImages is searching for Graduation Assistants in Honolulu for a ceremony on June 7th. Graduation assistants are at the event to help the photographers with the organization of the graduates during the ceremony.

Two of the main responsibilities of assistants are: directing the students to the photographers & keeping the sequence in order. Our company relies on the assistants to keep the name cards in order or to make notes on the program, so we are able to send the correct images to the correct graduate. This is a very easy position, we do just ask everyone for a professional attitude at all times.

Assistants are paid \$50 per event and events are typically 3 to 4 hours. A check will be mailed to you approximately 2 weeks after the event.

We also require that all of our staff have a professional appearance. Men should be in a solid-colored button up shirt with a tie, black slacks, and coordinating dress shoes. Women should be in a solid-colored conservative blouse, black slacks or dress pants, and coordinating comfortable flats.

If you are interested in this position, please apply online at www.epghire.com and fill out a "Graduation Assistant" application. We look forward to hearing from you!
