I have two labs that need an excellent home ASAP. Roxie is a "champagne" lab. She is a champagne color with green eyes and a liver colored nose (aka dudley) She is super sweet and is a retrieving machine. No papers and is one year old. Maggie is AKC, chocolate, 6mts old, small framed. She will be the perfect boat dog. She is very smart but needs someone to work with her. Her father was a jam up duck/dove dog, mom is our family dog and is super intelligent. **SERIOUS INQUIRIES ONLY.**  
 Rehoming fee is \$150 each. Both are utd on vaccinations, heartworm prevention and flea prevention. They have been outside for the past few months so I can not promise that they will remember their house breaking. No bad habits. Will meet.
