I own a 4 bedroom/2.5 bath, 2400 sq ft home in Meridian. It is a very beautiful home (was just built in Sep 2014). The home is located in the Ventana subdivision right next to a park on 1/4 acre lot.

My fiancé and I recently broke up and he moved out of the home, so now I have tons of space for a roommate. The home has hardwood floors downstairs, carpet upstairs, granite countertops throughout, stainless steel appliances, and a brand new front loader washer/dryer. Roommate will have full house privileges (except for the master bedroom). There is extra space in the garage for storage if needed.

I am a female in my early 30s. I live a healthy, active lifestyle. I have 2 cats that are indoor/outdoor cats.

I am looking for a female roommate. Must have reliable employment. Please no children or pets.

If you think this could be a good fit for you, call or email with more questions and I will gladly provide more information and.
