

I am selling a Dean Dave Mustaine Gears of War VMNT electric guitar and case. I am the original owner and both items are in like new condition with very light use. There are no nicks, dent, dings scratches or other blemishes anywhere on the guitar that I can find. Since I only play guitar as a hobby it has never left my smoke free home or been gigged. Dean is no longer making the Dave Mustaine VMNT guitars with the Gears of War graphic. So here is your chance to get one that looks and plays like new for only a fraction of what they typically sold for.
