"I cannot begin to express my appreciation. You captured the essence of our wedding and whenever we see the photographs it takes us back in time as if it were our wedding day again. Thank you so much for creating images we will enjoy and cherish for a lifetime. We wish we could have 2 weddings just to have the opportunity to work with you again! :-) Many Thanks, Niki & Jim"

.....Isn't this how you want to feel about your wedding photographer?

Because after the day is over and the memories are a blur, all you have left to remember how magical your wedding day was, are the photographs.

My name is Glenn Gross, I am a photographer and owner of Generations Photography. I have over 30 years of professional experience and have photographed hundreds of weddings. I do this business full time. I shoot traditional to contemporary styles, with beautiful portraits, fun candids and lots of artistically captured details. I also have a book full of thank you cards saying that I do a great job and am fun to spend the day with.

If these are the qualities that you are looking for in your wedding photographer, please call or email me if you have any questions, or if you would like to check availability.
