I'm an energetic grandmother that has raised eight children. I have 20 years of nursing and 16 years of childcare in my home. I'm dedicated to giving the children a loving and safe environment. I provide the children with educational/stimulating toys and crafts along with academic curriculum made fun. They develop under my care a love for reading and are well prepared for kindergarten. No cats, dogs or smoking. I have affordable rates, and happy to provide many references. I currently have one opening for a child 18mo or older.

I live in Carmel around the Gilford and Main area within a couple blocks of the Carmel "Arts and Design district". I also have a large backyard for the children to play in, under my close supervision.
