Redwood Transport specializes in everything from over-sized heavy equipment to ATVs and anything in between such as cars, farm equipment, trailers, military vehicles and general flatbed freight. We also offer both semi-trailer and pickup-truck tow-away services.

Our roots began in the majestic Redwood Coast of Northern California (this is an area which provides a challenge for transport and logistics). We are now settled in the beautiful Treasure Valley of Southwestern Idaho. We mainly stay in the 11 western states, but we can go anywhere in the United States.

The owner-operator has over a decade of experience operating everything from heavy duty tow trucks, 10-car auto transport trucks, lowboys, step decks and flatbeds. He has combined all the experience into one company.

We will be very happy to handle all your transport needs.
