We are looking for a new home for our holland lop dipper. He is 6 months old and a male. The rehoming fee is 80\$ and is small compared to what we have put into him. With the fee you will get his cage, litter box (he is trained to pee and mostly poop in there), a food dish, water bottle, hay rack, and his many toys. He is as sweet as can be and we are very sad we cannot give him the care he deserves anymore. He's such a sweet rabbit with a great personality he deserves a much better home. Email me for pictures of the cage and him if you're.
