Testimonials:

"Easy to work with, extremely talented, very professional, the most flexible vender I had, and overall a great guy. Did I mention that he not only DJ's but also sings, plays the piano and plays the guitar. He is your all-in-one Ceremony musician, Cocktail hour entertainment and DJ. You really can't ask for more. Trust me, I would hire him again in a heart beat!"Also if you want to check out his sound, he performs out regularly. Before hiring him I checked out his show and I was sold instantly -- I even bought his CD. His voice is so genuine, and he plays the piano and guitar so beautiful that you instantly know -- I want him to sing my first dance song.Trust me, you can't ask for a better, more talented, all-in-one Musician/DJ."

"I first met Joe Farren at a Bridal Expo I attended shortly after I got engaged. Anyone that has been to one of those events knows how hectic and overwhelming it is. With so many vendors and excitement, it is easy to possibly overlook a hidden gem, which Joe has become. I walked up to speak to Joe about his music and somehow knew instantly that he would be perfect for my event.

It is not very often you find a "one man show". I was ecstatic to find out that not only is Joe a wedding DJ, but a true musician in many forms. Joe beautifully played the piano at my ceremony, sang with his guitar during cocktail hour, then rocked it out later in the evening for the reception. I am a hard woman to please, yet Joe's talents exceeded my expectations. He played a special part in creating such a magical night for me. I like to thank you Joe and would recommend any bride that wants a beautiful event to explore what Joe has to offer.

Thanks again Joe & I hope you would consider singing 'Imagine' for me again on our anniversary."

With best regards,
Melissa & Thomas"

"What a fun DJ to work with! In Joe we got it all, sound, live music, and a rocking party. Although we had planned for a few slow songs, Joe read our crowd well enough to know that would have killed the party and kept the dancing going!"

-Erin & Keith

"Joe provided music for our wedding ceremony, cocktail hour and reception. We still continue to get compliments on his professionalism and talent playing the keyboard. Joe played the keyboard for our outdoor ceremony with great sound quality and incredible talent. Though we were not present at the cocktail hour we received numerous compliments on his ability to keep a crowd entertained and variety of music. Throughout the evening at the reception Joe kept the dance floor alive with people dancing young and old. We would highly recommend Joe to other couples! Thank you Joe!"

Awesome!

"Joe & I never spoke over the phone, and only exchanged maybe a dozen emails before our wedding --- and he rocked it! He is an extremely talented musician (played piano for our ceremony and cocktail hour, played guitar during dinner) and knows how to work a room keeping everyone dancing all night. He was also very professional, and on top of all our details and many requests, just from the form we filled out and submitted via email. If you want someone you can count on, who'll make your day truly special, go for Joe."

Wonderful! This guy can do anything!

"Joe Farren is your one stop shop for every musical aspect of your wedding and reception. He played the piano before and during the wedding ceremony at the church, was an excellent emcee to kick off the reception, played an acoustic guitar and sang during dinner, and kept the dance floor going all night. We decided to stay and dance an extra hour or two, and Joe was right there with us having a beer and enjoying the night as long as we wanted to. He is a great deal when compared to other guys who want an extra \$250 just to drive to a different location for the reception. He's also just a really great guy and was fun to work with."

Joe is truly the best! Easy to work with. Professional. Talented. Friendly. The best DJ/Musician I dare say in Tampa. He is truly a one-man band. Not only can he play the piano and guitar beautifully. he is also a great DJ and kept people on the dance floor all night. Several people told me they thought "the DJ" was great and really enjoyed him playing the piano during our cocktail hour. For me my best memory is coming down the Aisle as Joe played "Can't Help falling in love with you" on the piano. It was so beautiful and I could have dreamed of anything more perfect than that moment.

"Joe- Thank you for doing an AMAZING job with our wedding! Your live performances were incredible and your choices of music were perfect. The ceremony music was beautiful (Crash was amazing!!) and the reception music had everyone up and dancing the entire night. You were even gracious enough to accommodate some karaoke requests at the after party. We can't begin to thank you enough, everything was perfect! We will definitely recommend you to anyone who has any kind of event that they're planning. Thank You"

"Joe, Thank you so much for the wonderful job you did at my daughter, Lauren's wedding. It was purely amazing! I loved that you were out on the deck for cocktails. The first thing my friends said when I arrived as their bodies were swaying was "This guy's amazing! Where did you find him?!" From the cocktail hour to your singing during dinner to the dancing/partying time, everything was perfect. Thanks for adding so much to our event."

Hi Joe,

We just wanted to THANK YOU for everything on Saturday- it was perfect! We loved the live music and got lots of comments on your abilities! :) and the party was great - everyone had a great time. We appreciate all your work and effort to make it the day we wanted.

Here is our testimonial. Please let me know if we can serve as a reference, too

Thanks again for everything Joe!

Keely & Noah

We took the task of finding a wedding DJ and musician very seriously. We interviewed at least five and after months of searching, finally found Joe. . . and we are so glad we did! He worked with us to create the day we imagined. He is responsive, organized and easy to work with. We asked him to play live music for our ceremony (a definite highlight) and cocktail hour and to DJ our reception. We would not change a thing. His music fit our tastes perfectly and he gladly accepted our requests, "do not plays" and our desire to have a great party!

Our guests loved his live music and it definitely added to the feeling of our day. He is talented and went above and beyond to make it to all three of our locations (ceremony, cocktail, reception). Everything was smooth, he is a non-intrusive emcee and he kept the party going (something that was very important to us). Our guests had a great time and we only wish it could have been longer!

"Dear Joe

I just wanted to thank you for the beautiful ceremony music you provided at our wedding. When I started walking down the aisle and heard you singing "Somewhere over the Rainbow" it was really magical! Ok, so that sounds a little cliché, but it really did feel that way. Guests who could not see you actually

thought the music was from a CD. They loved your voice. It sounded amazing!

Thanks again, loved the music!

Best,

Jamie and"
