

Beseler 23C Series PHOTOGRAPHIC DARKROOM Enlarger (250 USD)

Location **Michigan**
<https://www.genclassifieds.com/x-439601-z>

It's an awesome blue photographic enlarger that works great. Bulb is good, it has a wooden base that is in great shape. I used to use this in my darkroom and it produces great prints. On this standard baseboard model you can make prints up to:

35mm negative with 50mm lens: maximum print size is 15 x 22 3/8 inches

6x6 negative with 80mm lens: maximum print size is 19 1/4 x 19 1/4 inches

2 1/4 x 3 1/4 inch negative with 100mm lens: maximum print size is 14 x 20 1/8 inches

I don't have time anymore for developing and want to sell to someone who can enjoy this great bessler enlarger.

call me anytime Tom
 I am located in Redford near Beech Daly and 7 mile.
