I am offering my services as a pet sitter. I am a retired CVT (certified veterinary tech) . I own my home with a big fenced yard. I can come to your home to walk, feed and medicate your animals if needed or your animals are more than welcome to come stay with me. I will accept most dog breeds except pits or pit mix. I do love all animals but not willing to deal with pits because of insurance issues. The only thing I ask is that your animal be fixed,socialized and house trained,,, potty pads are ok . ,,,, Mary.

UPDATE !!! I will no longer be accepting cats into my home for boarding. I will still make home visits for.
