I am selling my 2003 Saturn Vue. As it needs work for a sticker. I had it put on a diagnostic machine and they said that the catalytic converter was clogged. It is parked at my moms and need it out of her driveway. ASAP. It has am/fm CD player, a parrot hands free device for your phone, heat/ac, sunroof, Inside is clean, no tares in upholstery, beautiful blue exterior paint as you can see in photos. Nice smooth riding vehicle when it's running right. I'm asking \$1800. O.B.R.
