Pretty simple answer.

We were better off before Obama Care.

Figure it out Mr intelligent liberal.

Even those who scammed us into believing in Obama Care admit it was a hoax, perpetrated to raise taxes and invade the privacy of the private sector, and provide nothing in return except good feelings and the lie that all will now have Health Care. All proven lies.

Anything, even nothing is better then theft, lies, and complete control by our corrupt politicians over every health decision of every American.

More freedoms and liberties now lost, increased taxes. And the corrupt IRS is in charge of enforcing it. That sucks.

We need to eliminate the corrupt left wing fascist IRS also, right along with Obamanation's Health Care.
