Location Nevada https://www.genclassifieds.com/x-439768-z

Ever wanted a highly qualified professional (Certified in early childhood special education- ages 0 to 8 and able to teach grades pre-k to twelve) to provide your child with instruction, tutoring or child care?

Now you have that option.

The Home Teacher provides private instruction, tutoring or care at a low cost in my comfortable clean and smoke free home. You get all positive aspects of schooling at home without the negative issues that come along with the large classrooms and inflexibility that schools have.

Your child will enjoy a very small class of 4 students, individualized instruction program, access to parents during the day by phone/video calls. They will be educated in every aspect, by educating the whole child.

All meals will be nutritiously home cooked and provided free of charge. There will be monthly educational field- trips that will also be free of charge. Your tuition is one flat rate without any extra cost.

Pick up and drop off times are flexible.

Call me today about the services your child needs and receive a free quote. I'm available to meet and my home is available to tour. However, I will not be starting this program until the beginning of the school
