hi I'm trying to find a few women that want some new cloths. All I want you to do is model them for me from panties to bras to dresses, jeans ect whatever you can think of. Might pay you if you pick a few things that are a little sexy looking to take picture in. The picturs won't be shared if you are interested please let me know what kind of cloths you want & what kind of pictures your open to. Get back to me and I'll mesasage you ASAP. I'll give you a copy of all the pictures. All the clothes are on me.
