Hey Everyone! I just wanted to share a little bit about myself and what I am seeking in life. I am currently working 9 hour days and have very little time to spend with my 3 year old daughter. She means the world to me and I am striving to build a business, where I can actually stay home and be a better mother to my little one.

I recently joined Beachbody because I was inspired by a friend I went to high school with. She is building her Beachbody business so she can stay home with her "future" kids. She is well on the way to quitting her full time job!

I am looking for like minded people who want to build a business from home. You do not have to be a fitness expert by any means! Most people started out using the products and then decided they wanted to help others as well. This is not a company you are just dumped into with no guidance. My upline has been mentoring me and making sure I get the necessary tools to grow my business. I will do the same for you! I would love to chat with you about this opportunity. NO PRESSURE, I promise! Please reply to this e-mail and I will answer any questions you may have.

If you are not interested in the business opportunity, but would like more information on some of the great products that we offer, you are still welcome to send me an e-mail and we can talk about some of the programs!

Watch this Youtube video for a little more on what to expect as a Beachbody Coach!
