This is a quiet neighborhood. A Catholic junior high school is less than a block away. Derryfield Park and Elm Street are both within walking distance. I-93 and The Everett Turnpike are less than 5 minutes away.

This is the master bedroom in a 2-bedroom apartment. 154 square foot room, plus 2 huge closets. Must be seen to be believed. You can see the big, sunny windows and two closet doors in the image. That ugly carpet in the picture has been removed, There was barnboard under it. The apartment has lots of windows and is sunny, and in the summer it gets lots of fresh air.

Bathroom was remodeled last year.

Apartment has a porch.

There is off-street parking in the driveway.

Washer & dryer in the apartment.

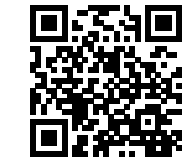

100mbps wireless internet, basic cable, all the HBO channels, HBO GO subscription, and Netflix.

I'm a single man with no kids. I don't smoke. I am quiet and peaceful, and I mind my own business. I have a cat who is very gentle, friendly and relaxed.
